Study Support Program SEET

What is the support program?

Our support program helps you to start your studies in Switzerland:

- **Mentoring:** You will get a mentor. This is a person who helps you prepare for your studies. You will meet regularly and walk the path together.

- **Network and skills:** In group meetings, coaching sessions and workshops, we give you useful tips for an application, for example how to write a resume.

- **Financing:** If you need money for your education, we can for example help you to finance a language course. However, we cannot give you a full scholarship.

Can I participate in the support program?

If you meet these conditions, you can participate:

- I am a refugee.
- Ideally, I have a high school diploma (Matura/certificate from a secondary school/gymnasium).
- I speak German at B2-C1 level.
- I would like to start studying in the next one to two years.

How do I participate in the support program?

- Fill in the application form on our website.
- We will contact you for a personal interview.
- After the interview, we will tell you if you can participate in the program.

 to the application form

Important dates

The support program usually lasts for one year:

- From mid-**December** to the end of **January**, new candidates (mentees) can apply.
- The program starts in **April** and the mentees are assigned a mentor.
- Mentoring and training begin in **May**.

SEET can understand my situation better than the others because all the mentors are academics. SEET helps me to develop my skills. For example, how to write a CV or train for job interviews -it's very complicated for me here.

- MANAHIL M., Mentee

Contact

Keeping good contact is important to us. If you have questions or are interested in our program, feel free to email us at seet@seet.ch.

If you'd like to learn more about SEET, visit our website at www.seet.ch or our social media channels.
